## Requests

## Become a member of the LHF

We hope you find our website and events interesting and useful. Access to the website and to many of our talks are free. Our work is mainly achieved thanks to our volunteers and site contributors. However, we do have significant real costs in adding to and maintaining the website, funding small research projects, organising events and preparing publications and other materials. Where we charge for events, we aim to cover only the direct costs of catering in order to make them accessible to as wide an audience as possible, including students and early career researchers.

The Levantine Heritage Foundation is reliant on membership subscriptions, donations and sponsorship. Please consider becoming a member or renewing your membership. Membership is just £20 a year, or £80 for 5 years or you can become a life member for £500. Benefits include priority booking for events and discounts on LHF publications and events where we have to charge a fee.

You can join the LHF or renew your membership on line at <http://www.levantineheritage.com/join-us.html> or email [membership@levantineheritage.com](mailto:membership@levantineheritage.com). You can also pay by cheque and send it to: The Levantine Heritage Foundation, 71-75 Shelton Street, London WC2H 9JQ.

We would appreciate a volunteer to help us manage our membership lists, renewals, reminders better. If you can spare the time, please get in touch.

## Donations and legacies

If you wish to make a donation to the LHF, you can also do this online at <http://www.levantineheritage.com/support-us.html>. Our bank details are there if you wish to make a direct transfer. Or you can send cheques to the LHF at The Levantine Heritage Foundation, 71-75 Shelton Street, London WC2H 9JQ.

If you wish to provide a legacy for the LHF in your will or if you have family archives that are relevant to Levantine research, please contact Quentin Compton-Bishop at [chairman@levantineheritage.com](mailto:chairman@levantineheritage.com) to discuss your wishes.

## Gift Aid:

If you are a UK tax payer, you can make your donation go further with gift-aid – [word](#) / [pdf](#) documents:

## Corporate Sponsorship

Major events, such as the upcoming Athens 2018 conference and other planned events which need detailed preparation, cannot be financed by ticket sales alone. We do have a small number of commercial sponsors and supporters to whom we are very grateful and we seek further partnerships and commercial sponsors. Benefits include your name and logo on our website and in publications such as conference programmes.

We have a number of package levels for sponsorship and if you would like to discuss these opportunities further please contact our Chairman Quentin Compton-Bishop on [chairman@levantineheritage.com](mailto:chairman@levantineheritage.com).

## Join the LHF team

We are a small team of volunteers growing an expanding international network of academic and amateur researchers, historians and people with a great diversity of connections and interests in the heritage of the Levant region. Our headquarters is in London, we have active groups in Istanbul and Athens, and many collaborators in other countries and cities including, Izmir, Paris, Amsterdam, Rome, Toronto, New York and Los Angeles. We are looking for volunteers who can commit time to advise us and help organise events and communicate with our wide network. Specific opportunities include:

- Academics or historians to advise the Trustees and help with conference programmes and publications

- Membership Secretary to grow membership and take charge of member support and communications

If you are interested in getting more involved with the LHF, please contact Craig Encer, General Secretary on [secretary@levantineheritage.com](mailto:secretary@levantineheritage.com).

## ***Current research***

### **The role of the French educational institutions in the modernisation in Smyrna**

Ümit Eser is currently based in Paris and will be conducting research in that city till October. His research project intends to clarify the role of the French educational institutions, namely, schools and orphanages, in the modernisation in Smyrna, the main port-city in Asia Minor, in the late Ottoman and early republican periods, 1908-38. This project revolves around three main questions: local, particularly Ottoman Christians', perceptions toward the presence of the French schools in Smyrna in the post-constitutional period after 1908; the role of those schools in the formation of the Ottoman modernisation (1908-22); and their struggle for existence and their adaptation to the new ideological mind-set in the early republican period (1922-38). He may be reached at [547196@soas.ac.uk](mailto:547196@soas.ac.uk).

### **Call for interviewees for research project: The transformation, gentrification and multiculturalistic oral *herstory* of Punta district of İzmir**

We are three women from İzmir, currently studying our masters' degrees in Ege University, the Department of Women's Studies. Our documentary project is titled "A Neighbourhood's Never-Ending Transformation from Women's Perspective; The Historical Gevrek Bakery and The Bournabad Street" which will be displayed in Salt Galata and Minerva Palas in Karaköy, Feminist Pedagogy: Museums, Memorials and Practices of Remembrance, on 1st Asian And European Conference of Women's Museums, under the organization of Sabancı University and Women's Museum İstanbul. Our project hopes to remind, embrace, and record the multicultural history of Punta district from in-depth interview video records with former or current female locals of different ethnicities, minorities and backgrounds. Furthermore, we would like to expand the perspectives of gentrification that has recently been taking place in the neighbourhood by listening to more recently moved locals and their opinions of Punta district and/or Alsancak Mahallesi. We would like to include experiences and memories of Punta district to be as diversified as possible, as this heritage is shared among all Smyrnians wherever they are right now, and it belongs to all of us. We would like to discuss with you the changes in Punta district, the past and the present, how you feel about these changes, what memories you have had. Moreover, if you have any contacts and/or citizens, members who have lived or spent time, or have listened to memories of their elders in family from Punta who are still living in İzmir and would like to share their experiences and memories for our documentary, their contributions will be celebrated by historians and feminists who will engage with our work. We believe re-writing history on

beholder of women opens new perspectives and a place that has been a crossroads for many from different backgrounds we feel is a perfect place to start recording again. We would welcome ladies from Levantine or other backgrounds who wish to share their recollections of this neighbourhood to contact us and we are happy to prove our credentials through our project acceptance letters etc.
