

FERİKÖY LATIN CATHOLIC CEMETERY TOUR

This is the largest Catholic cemetery in Istanbul, dating back to 1850's when the Ottoman government declared that the graveyards in Taksim and Pera should no longer be used as burial grounds. The cemetery is used by various Catholic communities. Besides Levantines, there are also tombstones of Greek, Armenian, Syrian, Chaldean, and Melkite Catholics.

Our tour will start at 15:00 on Sunday, September 25, 2016 and we shall be meeting at the gates of the cemetery.
